ABOUT HAJARA PITAN HEAD COACH, THE AUDACITY TO SOAR

My name is Hajara Pitán. I like to think of myself as first and foremost a child of God, it is from there that all other things spring forth.

I have worked in Corporate Law for 21 years advising government & HNI's on protecting and increasing the value of their assets. In my last role, I worked as the General Counsel to a Group of companies with presence across Africa, Europe & the United States. One of my most distinct accomplishments of my career is being on the team that advised the Nigerian National Assembly on some of the current foundational legislations that underpin the Nigerian Oil & Gas Sector.

ABOUT HAJARA PITAN HEAD COACH, THE AUDACITY TO SOAR

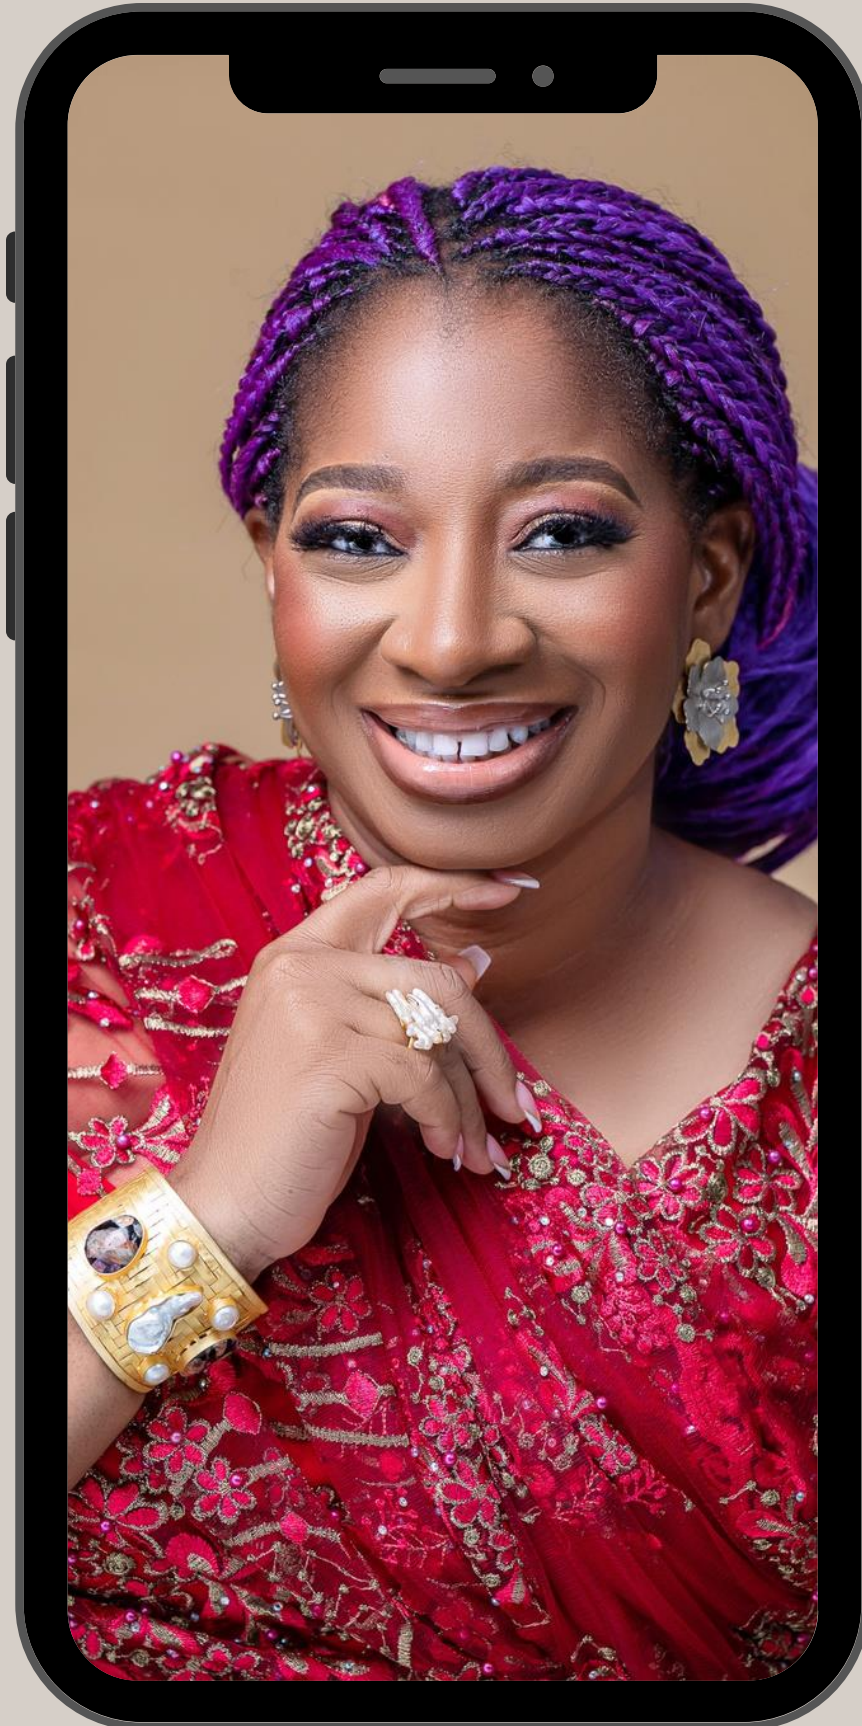

I am also the Head Chandler at Owambe Candles which consists of a retail and training arm. Through our Candlemaking Workshops, I have taught over 50 Nigerian women to make a successful living making candles!

With our Restoration Collection, Owambe Candles pioneered the use of hand-blown glass in Candlemaking in Nigeria, creating a 2-pronged win-win approach: one by enhancing the environment through picking up discarded glass off the streets of Lagos, and two, by creating commercial value and smelting that glass into beautiful hand-blown jars which are used for Candles & Scents.

At the Audacity to Soar, I coach women to make wealth and live in a state of abundance, using their skills, talents & life experiences.

It is my desire to travel the globe and go everywhere in the world at least once! At this point I have visited 25 countries and can't wait to host you at Paradigm Shift in Portugal!
