An Audacity to Soar Coaching Program

LIMITLESS

A Transformational Coaching Experience that equips you to define what a phenomenal life looks like for you and creates a framework to generate the wealth that supports it.

LIMITLESS is for you, if;

You're the type of person who believes that nothing is impossible. You find yourself constantly living in the future, wondering how to create the life you want, while fully enjoying the journey.

You approach life like you are in charge! For you, it's yes, or yes! You will make a way if there is none. But truth be told, you are not sure if it's all worth it, you are wondering if you will lose yourself and the ones you love in the process of getting there. You make your fear a self-fulfilling prophecy by self sabotaging & losing it all.

I help you to be fully at peace with where your journey has brought you and show you that you are possible, in all your magnificence! I guide you to unleash your innate ability to create the life you want. You'll realise that everything leading up to today has equipped you to stand in your own power. You'll be able to approach life with a renewed sense of verve, zest and vigour! And you'll create a life that's truly without limits! A life that is completely "true" for you!

LIMITLESS is specifically for the woman who is;

The Corporate Maverick: You are in a high level role, earning a great income and to everyone else, you seem to have everything but you feel drained! You know you can do more, be more and you are ready for a change!

The Aligned Achiever: You are a high achiever but you are astounded by how far the life you want, is from the life you are living! A burning question for you is "if I don't become now, then when?"

I see you, I know you, I feel you...

LIMITLESS is specifically for the woman who is;

The Purposeful Powerhouse: You are that woman who has done everything for everyone and you have been depleted by it! You want to put you back on your list and are determined to make your best life happen!

The Light Bearer: You know that you are multi-passionate and you want to make a difference in creation! You want to pursue all that lies within you, with every fibre of your being!

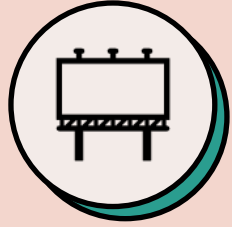

I see you, I know you, I feel you! I have been you! Come and let your hair down in Paris to rejuvenate, re-invigorate, rest and recalibrate so you can re-launch!

THE CURRICULUM

Let me show you exactly what we do together over these 90 days:

1 First is the Design phase!
In the Design Phase, you bypass your unconscious programming and tap into that part of you that is unspoiled by nurture, where the realm of unlimited possibilities is completely open! You Design life on your own terms.

You come out of Design, with a “Dream Life Framework”, that becomes your north star, lighting your path!

2 In the second phase, we Distill! Like the process of purifying precious gems, we examine the beliefs and assumptions that have brought you to today, powerfully decide which can accompany you into your desired future and which to thank and leave behind.

From the Distill Phase, you get to create a “Pattern Map”, which maps your life’s journey and demonstrates with clarity what you repeatedly do. With your Pattern Map, you are empowered to create new pathways for you and all who bear your name.

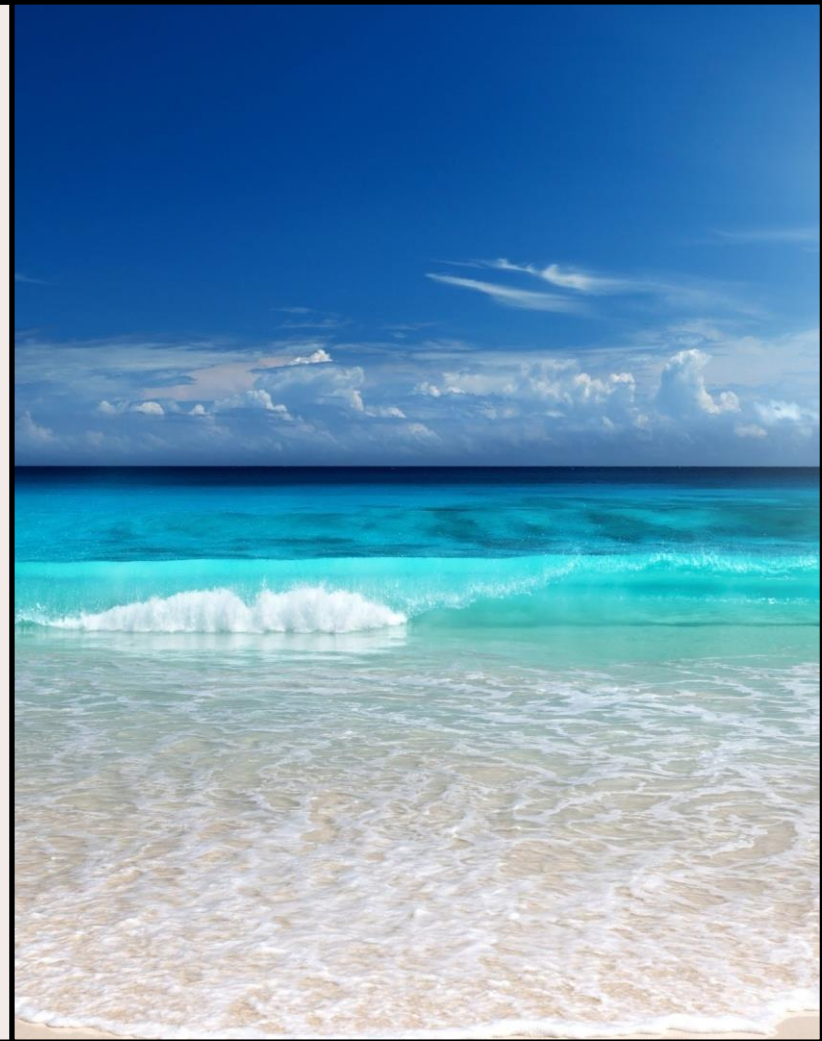

THE CURRICULUM

3 Phase 3 of Limitless, is the “Discover Phase” - here, we truly explore and unleash the limitless potential that lies within you. What superpowers you carry! What life experiences have taught you! What skills you have garnered over the years! We mine them all!

You come out of “the Discover Phase” with your Super Power Toolkit! A document that Powerfully encapsulates and articulates the value that life has deposited in you.

4 In the fourth phase of “Limitless”, we get to Turbo-Charge! We supersize! Amplify! And create great momentum from all of the gems we have uncovered from Phases One to Four! You come out of “Turbo-Charge” with a powerful blueprint called “The R.O.C.K.E.T”. In R.O.C.K.E.T, I guide you to create what will be a roadmap to creating your biggest wealth streams with R.O.C.K.E.T standing for (R-Reach. O-Opportunities. C-Clientele. K-Kickstart, E-Execute

About your Coach- Hajara Pitan

👤 I firmly believe that Africa's wealth and liberation will only come about when it's people are really wealthy and liberated! It is because of that, that after having learnt candlemaking in China and the South of France, I have come back and taught the same skill to over 60 women and helped them make money for their families- helping them earn greater self respect and helping them provide for their children as they would like- whether in a supplemental or primary capacity.

👤 I have coached several humans to fully unleash the most joyful and potent versions of themselves into creation!

All of this experience garnered over 20 years, and **more**, from a life of resilience & triumph, I have pulled into my program **LIMITLESS!**
